Dholpur Beige

Dholpur beige is a white buff colored sandstone stones widely used by architects all over world. The uniqueness of the stone is the attractive, minor purple veins that are visible when the stone is wet. The stone has been used from over centuries and is a constituent of a large number of historical buildings and monuments. Dholpur beige has a uniform grain size, regular bedding and compact structure. These stones can be availed in blocks, split faces offering various options for the architects for its usage. Every block of the stone is carefully calibrated and cut to the size required by the clients.
