Raj Green

Also known as Bhilwara-GREEN is commonly used building stone. Rajpura stone can be easily carved and dressed into various attractive shapes. It finds various applications including - roofing, flooring, paving and paneling. Due to natural greenish brown color it find extensive popularity in paving and most town planners in Europe find this sandstone most useful in their old city revamping projects. The natural cleft surface also due to strong physical and chemical composition of the stone is also very smooth and riven

The stone can be natural, sawn, sandblasted, brushed, honed and polished as per usage requirement. Available in tiles, cobbles and blocks, we offer Raj Green Sandstone in varieties to create an interesting interiors or exteriors. Due to the high demand for this product we normally keep this material in stock at our Bijolia unit.

The material is quite similar to york stone of UK and used as an alternative for the same. The raj green being supplied by us comes from Dabi and Rajpura Village, Bundi and Bhilwara, Rajasthan, India.
